

Decile 1 and 2 schools by region

This infographic illustrates the location of New Zealand's Decile 1 and 2 schools. School deciles indicate the extent to which a school draws their students from low socio-economic communities. New Zealand uses deciles to target funding for state and state-integrated schools. The lower the school's decile, the more funding it receives to help students from lower socio-economic communities overcome learning barriers. This infographic raises questions about the extent to which other social services support these communities, and whether these social services are operating in an integrated way. It also raises questions about students from low socio-economic backgrounds that miss out on this additional support because they attend a Decile 3+ school.

Prepared by the McGuinness Institute as at 30 January 2017.

Regions	Schools					Students		
	Number of decile 1 schools in the region	Number of decile 2 schools in the region	Number of decile 1 and 2 schools in the region	Number of decile 1 to 10 schools in the region*	Decile 1 and 2 schools as a percentage of all decile schools in the region	Number of students in decile 1 and 2 schools in the region	Number of students in decile 1 to 10 schools in the region*	Decile 1 and 2 students as a percentage of all decile students in the region#

*Please note, in this infographic we have excluded 11,485 students who attend the 44 schools which are not allocated a decile 1 to 10 (referred to in the source table as decile 99).

We have also excluded Westmount School and its 1673 students because it has multiple campuses throughout New Zealand.

Please note, this infographic includes schools that are composite (Years 1-15), contributing, correspondence school, full primary, intermediate, restricted composite (Year 7-10), secondary (Year 7-15), secondary (Year 9-15), special school and teen parent unit.
